Date : **December 14, 2018**

Dear Steve,

Please accept this following information as our official proposal for your RFP that we received on November 22, 2018.

DEFINITIONS :

Beyond The Deal : Beyond The Deal Company, sometimes will be called the Client.

BEYO&D Design Studio : The Design company that will offer the service, in some places will be noted as the Vendor.

PROPOSAL : This document which will include all information that we proposed for the service requested.

NEW E-Commerce WEBSITE : The project (The new Beyond The Deal Market Place website) that will be done by the Vendor to the Client.

For any more information, please contact Diego Beltran via phone on 204-123-4567 or via email : diego@beyond.ca.

1.0. Background and Audience :

1.1. Beyond The Deal Company requested a Web Development Service for the new E-Commerce website which will be used to offer Beyond The Deal Company services for families who are looking for pets in all kinds in Winnipeg Beyond The Deal Company neighbourhoods.

1.2. Main audience of the new website will be all users who will be interested in selling and buying goods online.

1.3. One of the options that Beyond The Deal Company will offer through the new website, is selling any used goods that are in good working conditions. Users will be able to post their used goods and sell it to other users who may need a high-quality product for a reasonable price.

1.4. The purpose of this proposal is to provide is a work plan and information about the upcoming project. We want to create a website for Beyond. Users will be able to buy products, leave reviews, and sell their own products on the site. Our company's work is done by qualified professional web developers Our

websites are designed based on desired content and always implement food contrast, alignment, repetition, and proximity. Taking into consideration non-technical users. All audiences must be able to easily interact with our sites.

2.0. Goals, Key Messages and Objectives :

2.1. Beyond The Deal Company is seeking reputable Web Development company to create a new website for them in a modern standard design and user friendly look and options to help them to reach all customers they are seeking.

2.2. This website will have a PHP/MySQL database backend, what will help to store some data about products, customers, different categories and invoices.

2.3. Different type of data will be collected from each new registered customers, these information are: Name, Address, Email and Phone number. Each one of customers will have his/her own profile page.

2.4. Unauthenticated visitors will be able to browse and review all allowed pages such as home, our team, news, contact, register and shop. To be able to place an order or sell a product, they have to be registered.

2.5. Administrative users will be able to change any of the main tables from the admin backend.

2.5. All passwords will be hashed using PHP `password_hash()`. All input and output will be validated for more security.

2.6. After completing the new Website, Beyond The Deal Company hopes that revitalized Website will lead to an increase of usage of their recreational services.

2.7. It's mandatory to Beyond The Deal Company that the new Website allows sellers and buyers to easily find all information about the products and services they offer through the live search field.

3.0. Project Scope and Deliverables :

3.1. Creating a new creative designed website in a responsive design for Beyond The Deal Company organization.
